

# "OLD IN YEARS BUT YOUNG IN SPIRITS" Duffy's Pure Malt Whiskey

Old Age  
Is a Disease  
That May Be  
Overcome

Men May Live Vigorous, Hale and Hearty for 100 Years

Prime of Life at 80 Years of Age

Man thoughtlessly has been dying too young. Dr. Lyman Beecher Sperry in his recent address on the "Science of Life," before the Y. M. C. A. of Chicago, said that man may live possessed of his faculties and useful for 150 years. Professor Elie Metchnikoff, the eminent Russian scientist, after a life of research and scientific study, says that we can successfully combat old age. The fact that a person can live to be over 100 years old in the enjoyment of strength and health has been proven by many of our physicians and scientists and 4,000 hale and hearty old men and women, all of whom, either in their practice as doctors or by actual use, have become familiar with the life-prolonging, health-giving powers of Duffy's Pure Malt Whiskey.

## VIGOROUS AT 108 YEARS OF AGE.

Edward Neys, of Unity Corners, N. H., born in 1797, and a Hero of Two Wars, writes: "An old man's life can be a happy one if he is well, and I have been just as active and strong up to a few years ago as I was during the war in the South. My family and friends are all gone, but I am cheerful and hope to live some time yet. I was born in what is now Unity Corners, N. H., in 1797."

"I have been pretty well all my life, but when I began to grow weak my doctor told me it was old age and gave me Duffy's Pure Malt Whiskey. I am taking that medicine now and it is both medicine and nourishment to me. I cannot eat a hearty meal the way I used to, but Duffy's keeps me up and going. I would not be alive without it."

## 105, FEELS LIKE A GIRL.

Helen's Pain, Does the Hardest Kind of Housework. "Gentlemen—I am 105 years old. I am well, without a pain or ache. I sleep as well as I did when I was a girl. I use your whiskey and like it very much. Duffy's Pure Malt Whiskey is the only medicine I use. I get water from the well, bring in wood and do my housework."—Mrs. LOUISA COX, Harrington, Maine.

If you wish to keep young, strong and vigorous and have on your cheeks the roses of health and retain full possession of your mental powers you must take Duffy's Pure Malt Whiskey regularly as directed and avoid drugs of all kinds. It nourishes the vitality, no matter how weak or feeble it may have become; feeds and enriches the blood and stimulates the circulation, giving health and power to body, brain, nerve and muscle. It is invaluable for overworked men, delicate women and sickly children.

The absolute purity of Duffy's Pure Malt Whiskey is attested by the fact that thousands of doctors and hospitals use it exclusively and that it's the only whiskey that is recognized as a medicine. It contains no food oil.

**CAUTION:**—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine, which is put up in sealed bottles only. It is never sold in bulk. Dishonest dealers will try to sell you cheap imitations and substitutes, which are put on the market for profit only and which are positively harmful. Demand Duffy's and be sure you get it. It is sold by all reliable druggists and grocers. Look for the trade mark, the "Old Chemist," on the label, and be sure the seal over the cork is unbroken. If a dealer offers to sell you Duffy's Pure Malt Whiskey in bulk, report same to us and, when proven, we will pay you a reward.

## OYSTER MARKET IS RULING HIGH

Prices by Wholesale Are Almost Double Those of Previous Seasons.

The oyster market is ruling high this season, and the prices that dealers are compelled to pay to secure the delicious bivalves are about double the prices of former years. Needless to say there is much complaint among the dealers, who say they cannot sell at retail at present prices unless they can secure oysters at a cheaper rate.

The oysters in the shell which are sold in Pensacola are brought here from East Bay and Escambia Bay, and it is stated that they are nearly as plentiful there as in former years. There are but few boats, however, engaged in the trade, and the dealers say that the oystermen put the price at about any figure they please.

In former years \$1.25 to \$1.50 per barrel was paid in Pensacola for oysters at the wharf. Now, however, the price has advanced to \$3.50 and \$3.75, and occasionally it goes as high as \$4.00 per barrel.

Many of the boats heretofore engaged in the trade were destroyed or damaged in the storm, and others early in the season went to Biloxi and other coast towns, leaving only a comparatively small number to cater to the local trade.

Local dealers say that Mobile and Apalachicola boats can make good money here, as the market is not fully supplied, and that unless something is done prices will advance by retail.

## DR. W. H. MAREAN EXPIRES AT OCALA

Former Pensacolian Dies After a Lingering and Painful Illness.

Dr. W. H. Marean, formerly a resident of this city, passed away yesterday afternoon at 1 o'clock at his home in Ocala, where he had been ill for any weeks of typhoid pneumonia. This news reached here yesterday afternoon in a telegram to Mrs. B. S. Bernard, daughter of the deceased, and followed closely upon a telegram received Wednesday announcing the death of Fred. Marean, her brother.

Dr. Marean leaves a wife and two daughters, Mrs. R. J. Owens, who is now in Ocala, and Mrs. Bernard, both of this city.

The deceased resided in Pensacola for several years practicing his profession, and during his residence made many friends who will regret to learn of his death. He had reached an advanced age and for some weeks it has been known that he would survive only a short period, and the death of his son evidently hastened the end.

The best for the money—Jackson Square Coffee. Put up in air tight 1, 2 and 4 pound tins. Absolutely guaranteed to satisfy the most fastidious taste.

## CAN REPORT TO SAND KEY

Willis L. Moore, chief of the United States weather bureau, has issued the following circular letter, which will prove of interest to masters of vessels:

"Announcement is hereby made that the vessel reporting station at Sand Key, Florida, is prepared to transmit and receive messages to and from passing vessels at night by flash light signals, using the Morse code as found in part III, international code of signals.

"As this work is new to the station it will be necessary for vessel masters to send slowly, using special care in spacing and in giving sufficient contrast to the dots and dashes."

## MEN ARE POWERLESS To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty. Destroy the cause, you remove the effect. For sale by W. A. D'Alemberte, druggist and apothecary, 121 South Palafox street, or send 10c in stamps for sample, to The Herpicide Co., Detroit, Mich.
